## Quality Donor Recognition Products & Signage

### Zax World Class Donor Recognition Products

#### About Us:

Zax has been helping academic, religious and other non-profit organizations with their Donor Recognition requirements for over 60 years. Whether it is at the beginning, during or after your fundraising drive we are able to help you recognize your donors in a distinctive and elegant way. We have helped organizations raise millions of dollars throughout our history.

Each of our products is custom built to our customers' needs. We pride ourselves on craftsmanship that has been around for well over five decades

Although we are not fundraising consultants we encourage you to utilize our experience to help and guide you through your campaign of fundraising event. We will then use our in house experts to design and fabricate a product that matches the exact message that you want delivered to your donors.
